CUSTOMER PROPOSITION (USP'S)

- **A new breed of speed** : It's a new breed of 4G that uses superior 700 MHz spectrum in 4GX areas. It can provide the fastest 4G speeds when using this device in Australia. Making everyday tasks faster and new things possible.
- **More 4G to share** : 4GX will double our 4G bandwidth so you can use even more devices and do more of the things you love at the same time when using this device in 4GX areas.
- **More for metro** : 4GX will offer extra 4G in-building coverage, and faster 4G in-building speeds in 4GX areas, compared to our existing 4G services.
- **Better in the bush** : 4GX uses superior 700MHz spectrum that can go further than existing 4G frequencies creating extra 4G coverage in rural and regional areas.
- **Great Wi-Fi experience**: Allowing to share up to 5 WIFI enabled devices. Providing much faster speed, reliability and quality.
- **LED device indicators** : Lights that allow you to conveniently monitor when you need to recharge.
- **Optional AC adapter** : To power as a Wi-Fi hotspot without having to plug your device into a computer(sold separately).
